C) This prohibition shall be in force for a period of six months from the date of publication of this announcement or till such time it is modified or withdrawn, whichever is earlier.

**Post Comments:**

The import prohibition of all the products listed in A and for some products in B in the above notification appears to violate the OIE guidelines. This is the third time that the DAHD has extended the prohibition. (see GAIN IN5008).

DAHD officials verbally clarified that by HPAI they mean Highly Pathogenic Notifiable Avian Influenza (HPNAI) in accordance with the recent changes in the OIE guidelines.

The ban on imports of products listed in B may be lifted, provided the country reports itself HPNAI-free to the OIE.
